

## PRODUKTBLAD

Blendik Blackout

Design nr. 10900

IA TORGENSEN  
TEKSTILER 

## Blendik Blackout

Dette er en solid blackout tekstil med glatt overflate og lik farge på begge sider.

Stoffet er velegnet for gardiner, rom-deler og scenetepper. Blendik Blackout finnes i 25 farger som er lett å kombinere med andre kvaliteter fra Ia Torgersen kolleksjon.

Blendik Blackout har bredde ca. 280 cm. Hvis man bruker bredde som høyde, kan gardinen være så bred som man ønsker, men høyden er begrenset.

### Fakta om Blackout

100 % Polyester FR, flammehemmende, krøller lite, krymper minimalt. Kvaliteten tåler røff håndtering ved for og fratrekk, og gir god akustikkdemping (lydabsorbering klasse A).

### Vask og vedlikehold

Kvaliteten skal vaskes som finvask på 40 °C, kan ved behov vaskes på 60 °C. Tåler svak sentrifugering. Blendik Blackout skal strykes på lav temperatur.

### Miljø

Alle tekstiler er produsert uten bruk av kreftfremkallende, arvestoffskadelige, giftige, eller allergifremkallende midler.

**Design:** Blendik Blackout 10900

**Bredde:** Ca. 280 cm

**Rapport:** -

**Kvalitet:** 100 % Polyester FR

**Vekt:** Ca. 1148 g/lm, 410 g/m<sup>2</sup>
